Number of Head: 899

There were 163 cows and 31 bulls. The packer market on cows and bulls could be said as more of the same as prices are in line with last few weeks. Only difference in the highs is the quality of the livestock. It continues to be a very strong market.

The calf market was consistent for the third sale in a row. Average price was a little lower, but the avg weight was higher resulting in \$9 per head more value per calf. Strong demand continues for a strong market.
