Number of Head: 660

There were 55 cows and 9 bulls. The packer market on cows and bulls was again slightly higher on what was here. The number was low due to wet conditions, but what was here sold very well.

The calf market was higher on all classes of calves. The average price was almost \$2/cwt higher on 6 pounds more weight. This resulted in almost \$21/head more value!! It was an extremely solid market!
