PRAY FOR RAIN!!

There were 256 cows and 28 bulls. It was another solid market on cows and bulls being consistent with the last several weeks. Dry conditions continue to force larger numbers to market. The top packer bull was at \$125/cwt, while the top packer cow was at \$108.00/cwt.

The calf market was steady with calves weighing 19 lbs more and \$8/cwt less price, resulting in the same value as calves last week. Quality made a big difference as orders were the same. All in all, another solid day of strong demand across the board.
