

August 23, 2024

Number of Head: 1,237

There were 141 cows and 11 bulls. Packer market was strong for the limited number of head on hand. Prices were at levels consistent with the last several weeks. Tops on packer bulls was \$164/cwt, while tops on cows was \$144/cwt.

The calf market was weaker as live cattle futures have not been favorable for the last few weeks, despite the fundamentals of supply and demand. However, the lighter ends are as high as ever. Demand is very strong just at a lower level.
